1988 POLARION

APPONEQUET REGIONAL H.S.

LAKEVILLE - FREETOWN, MASSACHUSETTS

CELEBRATE / 1: TO PROCLAIM OR BROADCAST FOR THE ATTENTION OF A WIDE PUBLIC

The 1988 Polarion is a celebration of both individual and collective achievement. As individuals we celebrate ourselves as scholars, artisans, technicians, as humanists and scientists, as acquaintances, as strangers, as rivals and as friends. We celebrate with each photograph our own personal experiences, our best days and our worst days, our memories filled with happiness and sorrow, our times of relaxation or of worry.

We are each of us, however, the contributors to the experience of each other, a role-player in one another's growth.

It is as a class that we take the opportunity to celebrate here the impact we have on one another. We celebrate our collective gratitude to each member of this class.

We recognize that for each smiling face seen in our book, there is someone responsible, for each athletic feat there is a cheering fan, for each learning experience there is some type of educator. We recognize that popularity cannot be achieved without the admiration of others, that competition cannot exist without honest rivalry and that love cannot grow in us without the hand of another.

This is a celebration of what we have done for each other and what we hope to continue to do through the experiences portrayed in these pages.

The class of 1988 invites you to celebrate with us.

FACULTY 1988

Mrs. Rose Wilson is retiring from her position as Matron at Apponequet High School after more than twenty years of service.

During that time, she has unfailingly helped staff members, teachers and administrators alike in various capacities. She has supervised countless dances, attended functions, prepared innumerable buffets and has been constantly available for assistance.

A familiar sight to all Apponequet students and staff, Mrs. Wilson has given consistently of herself and of her time. We all remember the trips she has made to the girl's room during school hours and evening functions. Teachers in charge of buffets have relied on her for her expertise with the cranky percolator and with the cafeteria equipment. She has unlocked doors, counted money, and collected tickets for all of us. We are pleased to publicly celebrate our appreciation for what she has done.

Mrs. Wilson has added her own dimension to the personality of our school. We have laughed with her and worried with her and now we will surely miss her.

Thank you so much, Mrs. Wilson, and may your days be filled with happiness and enjoyment. Love and good luck go with you from all of us.

I have owed to them,
In hours of weariness, sensations sweet,
Felt in the blood, and felt along the head,
And passing even into my purer mind,
With tranquil restoration: feelings too
Of unremembered pleasure: such,
perhaps,
As have no slight or trivial influence
On that best portion of a good man's life,
His little, nameless, unremembered, acts
of
Of kindness and of love.

RE-PETE!

DIVISION II
STATE
CHAMPS.
AGAIN!

I am delighted that the Polarion Staff chose to honor "The Coach", Mr Peter Looney. During his twenty-one years at Apponequet Mr Looney's hard work, pursuit of excellence, dedication and deep personal commitment helped fashion what we have come to call "the Apponequet winning tradition".

The pride of a win or the despair of a defeat served equally to develop and enhance the character of hundreds of young men and women fortunate enough to have played on a "Looney" coached team.

The achievement of many "impossible dreams", fulfilled by this nationally recognized coach, will remain our heritage as long as Apponequet stands.

THE CELEBRATION CONTINUES!

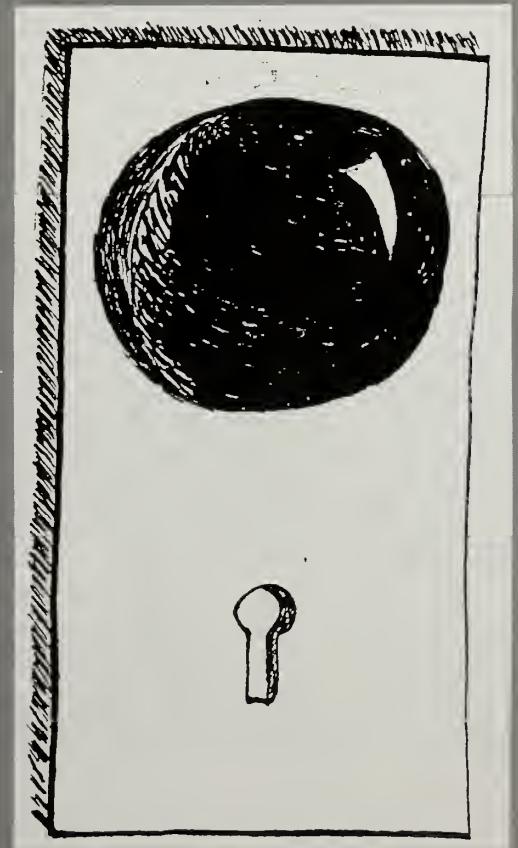

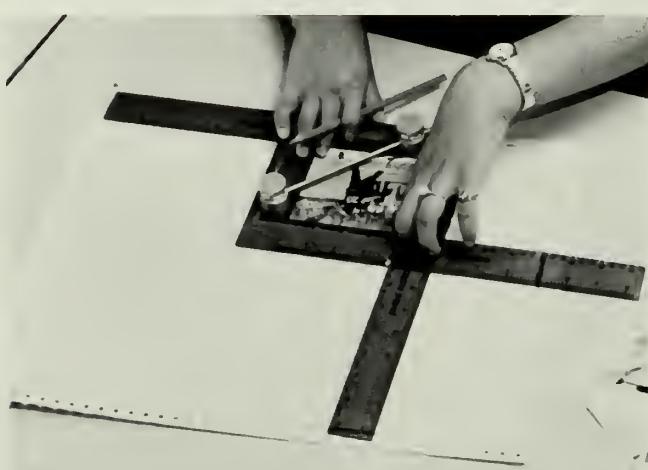

Tomorrow, you will have to play a much more difficult piece - tomorrow when the audience is listening for wrong notes, and you no longer have me in the wings. Then we shall see what you can really do.

"Dear Friend"

the day you left us,
we felt so incomplete;
we knew you weren't coming back,
and it hurt so deep.
we remember the good times that we shared,
and could only cry.
why couldn't you have been spared?
the next morning we awoke
only to find it true-
you were really gone!
i guess life wasn't fair to you.

"I dedicate this poem to Peter Jewell, for a friend."

I have owed to them, In hours of weariness,
sensations sweet, Felt in the blood, and felt
along the heart, And passing even into my
purer mind, With tranquil restoration: feel-
ings too of unremembered pleasure: such,
perhaps, As have no slight or trivial influence
on that best portion of a good mans life, His
little, nameless, unremembered, acts of
kindness and of love.

Outstanding!	Congratulations!
Finally...	Thought you'd never make it.
Who did you bribe?	We're proud of you!

To Albie and Allin:

The time has come to say good-bye to all your old friends and teachers, to bid farewell to Coach Thibeault and those cold, damp, old bleachers. New seats await both of you in God knows what new places. Here come the tuition costs - we just paid for your braces! Seriously guys- we're proud of you, and for you we're very happy. We wish you love, we wish you luck.

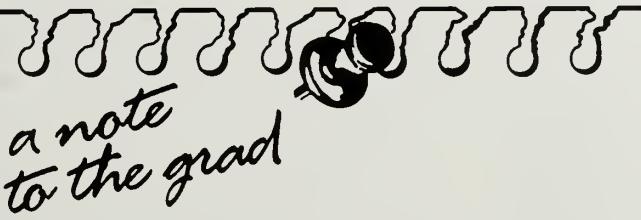

From you Mom and Pappy

So many of you are special to me.
I thank you for allowing me to be a part of your hopes and dreams.

"You've made me laugh, and you've made me cry." I will smile when I think of you and I will miss you.

May your lives be filled with fulfillment and peace.
Love,
Mrs. Reis

To my special friends, Marc, Allin, Albie, Rachel, Jack, Doug, Karen, Paul

"Well, You came and opened me and now there's so much more I see, and so by the way, I thank you. And then, for the times when we're apart, well then, close your eyes and know these words are coming from my heart. I'll be on your side forever more. That's what FRIENDS are for." Always, J.C.

Class of "88"

May you always keep the spirit you have in your heart today.

It would appear that our celebration nears its end. The guests have gone, the entertainers are quiet and the hosts wave good-bye.

But this celebration of the class of 1988 cannot ever really end. The memories of what has taken place at this school and with these people will be with us always. We will remember what we have learned, how we have celebrated knowledge, growth and love and we will know how to celebrate in the future.

We, as a class, have celebrated many things. Some of us have celebrated the acquisition of knowledge and the desire to continue our education. Some of us have celebrated our growth, our maturity and our personal relationships. We have learned who we are and what we can become and we have celebrated that understanding.

This year, as a class, we have witnessed tragedy and suffering but we have been able to witness also the courage and determination of an individual. With him, we have all celebrated.

And so, the process has only begun. There will be, for us, other celebrations, some grand and public, others small and private. We have recognized, finally, that with life there must be reason to celebrate.
